“Every night is the first time we’ve played these songs for that audience, in that moment,” says Urban. “It’s why every show is different – spontaneous and unpredictable – even for us!” He adds, “After two years we’re finally gonna get the chance to play some of the new songs we haven’t done live before. We’ll throw in a bunch of the songs that everyone comes to hear, a couple of which we’ll rework a bit, and it’s really gonna be tough to get us off the stage.”

Four-time GRAMMY© Award winner Keith Urban has set Summer '22 for the North American debut of his first world tour in four years, THE SPEED OF NOW WORLD TOUR. The tour’s newly announced North American leg, with 3x GRAMMY© nominee Ingrid Andress, will add fifty shows to the previously announced concerts in Australia, Germany, Netherlands and the U.K., includes a stop at the new UBS Arena at Belmont Park, located on the border of Queens and Nassau County, on Saturday, October 22. For information on where to get tickets go to www.keithurban.com.

“I’ve always considered myself a live performer first,” says Urban. “It’s what I’ve always done and it’s what my music needs to live and breathe. Our shows are all about living in the moment. They’re a totally interactive and immersive experience where everyone can participate in whatever way they want - sing, dance, do whatever.”

UBS Arena at Belmont Park is made for music and built for hockey. New York's newest premier entertainment and sports venue and home of the New York Islanders is developed in partnership with Oak View Group, the New York Islanders, and Jeff Wilpon. Providing a significant boost to the regional economy, especially when economic activity has been greatly impacted by the pandemic, the world-class entertainment venue, with its timeless and classic design, will bridge its iconic past with today’s advanced technology and amenities.

The \$1.1 billion multi-purpose, state of the art arena will host more than 150 major events annually while delivering an unmatched live entertainment experience including clear sightlines and premier acoustics. UBS Arena is designed to hold up to 19,000 people for concerts and audiences up to 17,000 for NHL games. In an effort to build a greener future, UBS Arena intends on being carbon neutral for operations before 2024, which will make it the first arena to do so on the eastern United States seaboard.

Critics from around the globe have hailed Urban's concerts as ones "not to be missed," as unpredictable as they are explosive. Combine his infectious showmanship, virtuoso guitar playing, effortless spontaneity with a fist-pumping, arena-ready arsenal of hits and THE SPEED OF NOW WORLD TOUR promises to be one of *the* concert event of the Summer.

But what lies at the heart of every great show are the songs. *Blue Ain't Your Color*, *The Fighter*, *Somewhere In My Car*, *Wasted Time*, *Somebody Like You*, *Long Hot Summer*, his latest single *Wild Hearts*, and his global smash *One Too Many* with P!NK, will anchor a night of music from one of the touring world's best.
